The Family Educational Rights and Privacy Act (FERPA) requires schools to annually notify parents and eligible students of their rights regarding student records and the release of directory information.

This technical assistance paper is made available to provide directions for this annual notification. Specific authorization for this process is contained within the Board Policy 8330, Student Records. The Board Policy should be referenced for more detailed information.

Listed below are the materials for use in complying with FERPA. These materials should be duplicated and sent home to parents and to eligible students, 18 years or older, in their home language on the first day of school.

- Sample Letter (may be copied using school letterhead)
- Directory Information Opt-Out Form, FM-6479 Revised (10-08)
- Unlisted Telephone Number Notification, FM-6603 Revised (08-11)

While the notification of parental rights has been an ongoing annual requirement, the release of directory information to the military services and institutions of higher learning is a stipulation of the No Child Left Behind legislation and the US Patriot Act. Parents must be provided an opportunity to restrict the release of such information, before requests are honored. The Directory Information Opt-Out Form is provided for this purpose. It is imperative that parents receive this notification of their rights and are given an opportunity to “opt-out” of releasing their child’s directory information. A STATEMENT INDICATING THAT THE OPT-OUT FORM MUST BE RETURNED WITHIN 30 DAYS OF ENTERING SCHOOL SHOULD BE INCLUDED IN YOUR LETTER DISTRIBUTED TO PARENTS ON THE FIRST DAY OF SCHOOL.

When parents return the Directory Information Opt-Out Form, the data input specialist will enter a flag in the “Unsolicited Literature” screen of the District Integrated Student Information System (DSIS) using the Categorical Update screen to indicate the parent’s decision regarding the release of their child’s directory information.
Federal and state laws provide for the release of listed telephone numbers only. Therefore, it is necessary to indicate in DSIS whether the telephone number provided by the parent is listed or not. The Unlisted Telephone Number Notification form provides information and direction to parents. This information should be documented in DSIS in the “Unlisted Phone” field on the Student Information (PF3) and New Student Without ID Screens.

Please Note: All requests for directory information should be referred to the Office of Public Relations, Ms. Daisy Gonzalez-Diego, Chief Communications Officer, at 305-995-2060. At no time should a list be provided by school staff because the documents available to schools may include the directory information for all students.

For technical support regarding this technical assistance paper, contact Ms. Martha Z. Harris, Administrative Director, Division of Student Services, at 305-995-7338. If you need assistance entering information in DSIS, contact Information Technology Services (ITS) by creating a heat ticket online.
